以匠心调色，用工艺成膜，让色彩成为情绪，
让漆面成为空间的高级语言。

以匠造之境, 定义总裁办公的至高仪式感

With the craftsmanship style, define the supreme sense of ceremony in the CEO's office.

当黑檀木的深邃纹理邂逅松鼠灰金属的冷冽质感，尊界系列便在光影中勾勒出权力与品味的边界。于方寸之间，见天地格局；在动静之间，藏尊荣气度。尊界系列，为每一位掌舵者，定制独属于时代的办公王座。

When the deep grain of ebony wood meets the cold and refined texture of squirrel-gray metal, the "Realm" series creates the boundaries of power and taste in the light and shadow. Within a small space, one can perceive the grandeur of the universe. In the midst of movement and stillness, there lies an aura of dignity and grace. The "Supreme Realm" series is specially designed for every leader, creating an office throne that is uniquely suited to the times.

「尊界」系列，以匠造之心，为当代领袖打造兼具气场与温度的办公空间，让每一次决策，都始于从容，成于格局。

The "Zunjie" series, with a craftsman's heart, creates office spaces for contemporary leaders that combine grandeur with warmth. This enables every decision to start with composure and culminate in a broad vision.

The straight grain of black walnut resembles the lines etched by time, while the ash-gray metallic color resembles the sharpness of the future's refinement. The collision of these two textures creates an aura of unconquerable power.

理想办公, 不止于桌, 更在于境。

Ideal office is not only about the desk, but also about the environment.

摒弃冗余装饰, 用材质本身的力量对话空间, 让每一处细节都成为商务格调的无声表达。

理想办公, 从一张桌开始。

Eliminate redundant decorations and use the inherent power of the materials to communicate with the space. Make every detail an unspoken expression of the business style.

The ideal office begins with a single desk.

IDEAL

现代雕塑感的斜切式台脚

以利落的几何切面打破传统桌腿的单调形态，在光影下形成鲜明层次，既硬朗又富有张力，像一把蓄势待发的刀锋，赋予桌面轻盈悬浮的视觉效果，完美契合「理想系列」极简高级的空间调性。

With a neat geometric section, it breaks the monotonous form of traditional table legs, creating distinct layers under the light and shadow. It is both tough and full of tension. It is like a poised blade, giving the tabletop a light and suspended visual effect, perfectly matching the minimalist and sophisticated spatial characteristics of the "Ideal Series".

Reception

从踏入空间的第一步，便感知品牌的温度与格调。

From the very first step into the space, one can sense the warmth and style of the brand.

功能与美学共生，流畅台面藏纳高效动线，让接待与形象表达相得益彰。为当代办公空间注入艺术基因，让每一次驻足，都成为对品质的无声致敬。让前台不止是空间的起点，更是品牌故事的开篇，为每一次相遇留下深刻记忆。

Functionality and aesthetics coexist. The smooth countertop accommodates an efficient flow, making the reception and image presentation complement each other. It infuses artistic genes into contemporary office spaces, making every pause a silent tribute to quality. The front desk is no longer just the starting point of the space; it is also the beginning of the brand story, leaving a deep impression with each encounter.
